

D.I.Y. Landscape Design Kit

Congratulations on taking the first step in adding value to your property by installing a professionally designed landscape, YOURSELF! Please complete the enclosed forms and place them in this envelope, together with all the requested materials, and return the Kit and the design fee of \$50 to Country Way Garden Center.

Then sit back in the confidence of knowing your project will be designed by a NYS CNLP, (Certified Nursery & Landscape Professional). Within 2 weeks you will be contacted to schedule a 30-minute appointment to go over your plan in the nursery with one of our staff, and select the recommended plants to start your project.

Together with the advice from professionals, our top quality nursery stock and your energy and desire to participate in the transformation of your landscape, you are sure to succeed. You will have a beautiful landscape to show and the satisfaction of having done it yourself! But remember, you are not alone. We are here to help you achieve that goal!
